

PARTNERSHIP

TAKESHI TAKAZAWA

*VP for Strategic Engagement, Asian Access
and National Director, Asian Access Japan*

“Asian Access is coming alongside leaders to accomplish what God has called them to do in the way that God has called them to do it. This is why I have been involved in this ministry for decades.

Asian Access is not called to transfer knowledge, but to create learning communities. This is what gets me excited.

I am convinced that true partnership always takes place in authentic community. Asian Access is committed to this type of community within and across cultures.”

JOE HANDLEY

*President,
Asian Access*

“We are proud to be a sponsor of ELC 2015. Thank you, Eagles, for allowing us to partner with you.”
